## MEMORANDUM

DATE: October 2006

FROM: Environmental Coordinator

SUBJECT: City of Ambler— Final Environmental Review  
Project No. AN 02-G45, Amendment No. 1

TO: FOR THE RECORD

An environmental review, in accordance with the National Environmental Policy Act (NEPA) and the National Historic Preservation Act (NHPA), is required for this project based upon proposed Federal funding for this project. The Alaska Native Tribal Health Consortium (ANTHC) has considered all potential environmental concerns (specific and cumulative effects) associated with this phase of the project in consultation with applicable federal, state, and local authorities. This review is restricted to the action undertaken in the amendments. Specifically, the design of the health facilities project is eligible for additional funds to cover expenses already incurred by the Maniilaq Association. The scope of the project remains unchanged with Amendment No. 1.

The ANTHC will revisit the environmental review to determine if potential environmental concerns have been addressed if the scope of work changes in the future.
